◆ CORE CAPABILITIES & SCOPE OF WORK

- **Utility-scale solar installation support** — structural welding of inverter support structures & fabricated components to PE spec
- **Inverter setting**, inverter cap welding & bolting, met tower installation
- **Solar pile remediation** & on-site fabrication
- **AWS-certified mobile welding** & rapid field repair
- **Heavy equipment services** — diagnostics, repair & preventive maintenance
- **Precision machining & full fabrication shop**
- **Heavy-haul & oversized equipment movement** — skilled lowboy drivers for tight county & township roads
- **Pre-construction & site electrical** — laydown yard build-out, office & site electrical install
- **Pre-construction consulting** — constructability review across solar array systems
- **Warranty work, O&M & 24/7 emergency response**

Tracker systems: Extensive experience across ATI, Nextracker, Array Technologies, GameChange & Nevados — through pre-construction, installation and remediation.

Industries served: Renewable Energy · Oil & Gas · Heavy Equipment.

◆ PROJECT EXPERIENCE

Field support delivered on utility-scale solar installations across Illinois, Indiana, Michigan, Tennessee and Texas — totaling approximately **3.1 GW** of supported capacity.

◆ EPC RELATIONSHIPS

Dynamite R&D currently provides field support for several of the **top five renewable-energy EPCs in the United States** — demonstrated capability on the largest utility-scale solar sites in the country. Specific client names and contract values are withheld under non-disclosure agreement; detailed references are available through our Form 1 to qualified contractors on request.

◆ SAFETY

Safety is the foundation of everything we do. We maintain a formal Health & Safety program covering fall protection, hazard communication, lockout/tagout, confined spaces, fire/hot-work and heavy-equipment safety — with monthly job-site and supervisor safety meetings.

- Experience Modification Rate (EMR): **1.0**
- **Zero recordable incidents** across our reporting history
- Drug-free workplace — pre-employment, random & post-incident testing
- Verified **ISNetworld** member contractor · FMCSA Drug & Alcohol Clearinghouse
